

Programme outline of FESPB 2010

4-9 July 2010
Valencia, Spain

JULY	Sunday 4	Monday 5	Tuesday 6	Wednesday 7	Thursday 8	Friday 9	Saturday 10	
	FESPB	FESPB	FESPB	FESPB	FESPB-XRBMP	FESPB-XRBMP	XRBM7	
09:00		Environmental stress & Acclimation Rens Voeselek	Biotechnology Cathie Martin	Natural variation & Adaptation Kirsten Bomblies	FESPB Award lecture	Cell Biology David G. Robinson	XRBM7	
10:00		Vegetative development Patrick Laufs	Root Biology Sabrina Sabatini	Signalling & Gene expres. Roberto Solano	Metabolism Ian Graham	Water & Minerals David Salt		
		Coffe break	Coffe break	Coffe break	Coffe break	Coffe break	Coffe break	
11:00		Systems Biology & -omics Dirk Inzé	Molecular Mechanism of Abiotic stress Ramón Serrano	Plant microbe interaction Paul Schulze-Lefert	FESPB Award lecture	AI: Plant microbe interactions AIII: Water & Minerals	XRBM3	
12:00		Reproductive development José A. Feijó	Photosynthesis & Respiration Owen Atkin	Epigenetics Vicent Colot	Plants & Global change Fernando Valladares			XRBM8
		Lunch & Posters	Lunch & Posters	Lunch & Posters	Lunch & Posters			
13:00		Women in Science lunch	Career Management Workshop			Lunch & Posters	XRBM Closing & lunch	
14:00		AI: Environmental stress & Acclimation	AI: Molecular mechanism of Abiotic stress	FESPB General Assembly	AI: Metabolism	XRBM open	FESPB Poster awards Closing	
15:00		All: Vegetative development	All: Photosynthesis & Respiration		All: Plants & Global change	XRBM1		XRBM4
16:00	Registration (will be open daily) Mounting of posters	AIII: Systems Biology & -omics	AIII: Natural variation & Adaptation	Social events	Coffe break		Coffe break	
17:00		AI: Reproductive development	AI: Signalling & Gene Expression		Hot topics Niko Geldner	Coffe break		XRBM5
18:00		All: Biotechnology	All: Cell Biology		Emerging techniques Christophe Godin	Break		
19:00	Opening & get together	AIII: Root Biology	AIII: Epigenetics		XRBM2	XRBM6		
20:00		Social event	Social event	Congress dinner	XRBM: X Spanish Meeting of Plant Molecular Biology
